No. 3243—*San.* (104-06)-2, *dated* 26*th October* 1906.

The following notification of the Government of India No. 1749, dated the 28th September 1906, received with letter No. 6037, dated the 24th October 1906, from the First Assistant to the Hon'ble the Resident in Mysore, is republished for general information :—

The Governor-General in Council has been pleased to abolish the system under which pilgrims proceeding to the Hejaz are detained under observation for five days in Bombay and the Haj will be open during the ensuing pilgrim season to any resident in India, subject to the regulations hereinafter prescribed.

2. The orders contained in the Home Department Notification No. 1440, dated the 30th August 1905, are hereby cancelled.

3. The Governor-General in Council is pleased to direct—

(1) that no person shall be permitted to embark with the object of making a pilgrimage to Mecca except at the port of Bombay in the Presidency of Bombay ;

(2) that before the pilgrims embark the ships chartered for Jedda shall be thoroughly cleansed and freed from rats by means of the Clayton process under the personal direction of the Port Health Officer ;

(3) that ample hospital accommodation shall be provided on board ;

(4) that before embarkation pilgrims shall be medically inspected and their clothes and baggage disinfected as in the case of third class passengers on ordinary steamers ;

(5) that the ships shall undergo further medical inspection both at Aden and at Perim ;

(6) that if plague is found to be present on a pilgrim vessel arriving at Aden telegraphic information shall be sent to Perim, where the persons attacked shall be landed and placed, pending the erection of a fully equipped observation camp, in the existing plague camp there, and that cases occurring between Aden and Perim, shall be similarly dealt with at Perim, the ship being allowed to proceed to Kamaran.

4. A fully equipped plague observation station for pilgrims will as soon as possible be established at Perim and furnished with a Clayton machine for rat destruction and an adequate medical staff, so as to be capable of receiving an entire ship-load of pilgrims from a plague-infected vessel for treatment under Article 21 of the Paris Convention of 1903.
